

The International Symposium 2018

17th October, 2018

- | | |
|--------------------|---|
| 10:00-10:10 | Welcome Speech
Prof. Fumiaki Suzuki
(Vice President / Director of International Affairs & Public Relations) |
| | Opening Remarks
Prof. Masateru Senge
(Dean of the UGSAS-GU) |
| 10:10-11:30 | Keynote speech 01, 02 |
| 11:30-11:50 | Photo shoot |
| 11:50-13:00 | Lunch Break |
| 13:00-14:40 | Presentations from UGSAS Alumni/Alumnae,
Special Speeches |
| 14:40-15:20 | Keynote speech 03 |
| 15:20-15:30 | Break |
| 15:30-16:45 | Presentations from UGSAS Alumni/Alumnae |
| 17:10-19:10 | Reception (Dining Room, Gifu University) |

The International Symposium 2018

18th October, 2018

- 10:00-10:40 Keynote speech 04**
- 10:40-11:55 Presentation from UGSAS Alumni/Alumnae
Special Speeches**
- 11:55-12:35 Keynote speech 05**
- 12:35-13:45 Lunch Break**
- 13:45-15:00 Special Speeches
Presentation from UGSAS Alumni/Alumnae**
- 15:00-15:40 Prepare for Poster session**
- 15:40-17:40 BWEL Joint Poster Session**

Symposium Venue :
UGSAS Bldg, Gifu University

Poster Session Venue :
6th Floor, UGSAS Bldg,
Gifu University

The 6th UGSAS-GU International Symposium on Animal Production and Conservation for Sustainable Development 2018

Day One: Wednesday, October 17

Keynote Speech 1 10:10 – 10:50	Genetic improvement in goats for sustainable production Dr. Yoko Tsukahara (International Goat Association, Langston University)
Keynote Speech 2 10:50 – 11:30	Animal welfare and behaviour Assoc. Prof. Shigeru Ninomiya (Gifu University)

Session 1 - Animal Production and Biotechnology -

Chair: Prof. Masato Yayota (Gifu University)

Topic 1 13:00 – 13:25	Transgenic technology: A sustainable alternative in animal production Dr. Asif Mahmud (Globe Biotech Limited.)
Topic 2 13:25 – 13:50	miRNAs and genes interaction as potential biomarker for farm animal fertility Dr. Sigit Prastowo (Sebelas Maret University)
Topic 3 13:50 – 14:15	Generation of functional oocytes of common marmoset by xeno-transplantation of ovarian tissue Dr. Shiori Miura (Niigata University)
Topic 4 14:15 – 14:40	Marinobufagenin and preeclampsia in the squirrel monkey Assoc. Prof. Mohammad Nasir Uddin (Texas A&M University)

Keynote Speech 3 14:40 – 15:20	Maternal antibody transfer into eggs and new-born chicks in chicken and quail Assoc. Prof. Atsushi Murai (Nagoya University)
---	--

Session 2 - Avian production and Reproduction -

Chair: Prof. Atsushi Iwasawa (Gifu University)

Topic 1 15:30 – 15:55	Impact of avian oviduct environment on preservation of mammalian spermatozoa Assoc. Prof. Ahmed Mohamed Hanafy Hassan (Suez Canal University)
Topic 2 15:55 – 16:20	Possible roles of the yolk sac as a source of thyroid hormones during embryonic development of the chicken Dr. Hanny Cho Too
Topic 3 16:20 – 16:45	Comparative studies of the morphology of oviduct of pre-laying, laying and regressing chickens from indigenous, sonali and RIR breeds (<i>Gallus domesticus</i> L.) Prof. Anisur Rahman (University of Rajshah)

Day Two: Thursday, October 18

Keynote Speech 4 10:00 – 10:40	Restoration and utilization of abandoned fields through goat grazing Prof. Masato Yayota (Gifu University)
--	--

Session 3 - Animal Physiology and Production -

Chair: Assoc. Prof. Mohammad Nasir Uddin (Texas A&M University)

Topic 1 10:40 – 11:05	Effect of total mixed ration ensiled with fermented juice of epiphytic lactic acid bacteria on fermentation quality and energy expenditure Ms. Yuli Yanti (Gifu University)
Topic 2 11:05 – 11:30	Potential use of inulin as a prebiotic to maintain gastrointestinal health in monogastric animals Dr. Adi Ratriyanto (Sebelas Maret University)
Topic 3 11:30 – 11:55	Mechanisms of sperm-storage in the avian oviduct Dr. Mei Matsuzaki (Shizuoka University)

Keynote Speech 5 11:55 – 12:35	What we know and what we need to know about foregut-fermenting primates: a case of proboscis monkeys in Borneo Assoc. Prof. Ikki Matsuda (Chubu University)
--	---

Session 4 - Animal Conservation - Chair: Prof. Shuichi Matsumura (Gifu University)

Topic 1 13:45 – 14:10	Threats and conservation of Sumatran primates Dr. Rizaldi (Andalas University)
Topic 2 14:10 – 14:35	Ex situ conservation of Javan pangolin (<i>Manis javanica</i>) in Bogor Agricultural University, Indonesia Prof. Irmanida Batubara (Bogor Agricultural University)
Topic 3 14:35 – 15:00	Molecular analysis of <i>Tor</i> spp. (Cyprinidae) in Sumatra Dr. Dewi I. Roesma (Andalas University)
